Profile

Computer Science graduate pursuing an MSc in Computer Science and Engineering (Data Science), with hands-on experience supporting ICT operations in a healthcare environment. Experienced in EMR user support, hardware and software troubleshooting, preventive maintenance, and basic network diagnostics, and assisting with Active Directory administration. Also experienced in Python programming, web development, and database-backed applications through academic and personal projects.

Technical Skills

IT Support: EMR administration and user support, hardware and software troubleshooting, software installation, preventive maintenance
Networking & Systems: Ethernet cable testing, connectivity troubleshooting, basic network diagnostics, CCTV/IP camera connectivity testing, Active Directory (assisting)
Programming: Python, C, C++, JavaScript, Dart
Software Development: HTML5, CSS3, React, Tailwind CSS, Django, REST APIs, Flutter
Databases: SQL, Firebase, Firestore
Data Science & ML: Pandas, NumPy, Scikit-learn, Matplotlib
Tools: Git, GitHub, VS Code, Microsoft Excel, Microsoft Outlook, Vercel
Fundamentals: Object-Oriented Programming, Data Structures & Algorithms, Machine Learning

Experience

ICT Intern, *Ispahani Islamia Eye Institute and Hospital* **Jun 2026 – Present**
Supporting the ICT team in day-to-day technical operations within a healthcare environment.

- Assist with Electronic Medical Record (EMR) system administration and end-user support.
- Install, troubleshoot, and maintain hardware and software; assist with preventive maintenance.
- Perform basic network diagnostics, including Ethernet cable testing and connectivity checks.
- Test and verify CCTV/IP camera connectivity using a laptop, network switch, and Ethernet cabling in an isolated test network.
- Assist with Active Directory administration and network troubleshooting.

Machine Learning Intern (Remote), *Future Intern* **Apr 2025 – May 2025**
Built and evaluated Python machine learning projects for forecasting, prediction, and chatbots.

- Sales Forecasting for Retail Business GitHub
- Stock Price Prediction Using Machine Learning GitHub
- Customer Support Chatbot Development GitHub

Career Ambassador, *Career Development Center (CDC), DIU* **Jan 2023 – Dec 2023**
Served as a student volunteer with the university's Career Development Center.

- Volunteered as a Protocol Officer at the National HR Summit 2023.
- Organizing Team Member, DIU Job Utsob 2023 (November 24–25).
- View Certificate of Completion

Selected Projects

GLxManager Live Demo

- Full-stack web application for managing esports teams, player statistics, and match history.
- Implemented role-based access control for Admin, Player, and Viewer users with real-time Firestore synchronization and an analytics dashboard.
- Tools: HTML5, CSS3, JavaScript, Firebase Auth, Firestore

Weather App Live Demo

- Built and deployed a Django weather application integrating OpenWeatherMap and Unsplash REST APIs.
- Tools: Python, Django, REST API, HTML5, CSS3, PythonAnywhere

Kintechai Live Demo

- Developed a responsive grocery shopping website with cart, authentication, invoice, and previous-purchase features.
- Tools: HTML5, CSS3, JavaScript, Firebase Auth, Firestore, Swiper.js

Heart Attack Prediction System GitHub

- Developed a desktop application using a trained Logistic Regression model with a Tkinter interface, feature visualizations, and PDF report export.
- Tools: Python, Tkinter, scikit-learn, pandas, NumPy, matplotlib, ReportLab

Education

MSc in Computer Science and Engineering, Daffodil International University **May 2026 – Present**
Major: Data Science

BSc in Computer Science and Engineering, Daffodil International University **Jan 2022 – Jan 2026**
CGPA: 3.73 out of 4.0

Certifications

Python Basics June 2025
Coursera – Verified Certificate (26 hours) | Credential ID: 7HXKB2B50GVS

Data Science Math Skills May 2025
Coursera – Verified Certificate (13 hours) | Credential ID: SQVZ8DTAUQO6

Problem Solving

LeetCode: 150+ solved | **Beecrowd**: Top 8%, 70+ solved | **VJudge**: 65+ solved

Awards & Achievements

The Duke of Edinburgh's International Award Bangladesh *Bronze & Silver*
Completed the program through activities in **Voluntary Service**, **Physical Recreation**, **Skills**, and **Adventurous Journey**.
Bronze Standard November 2025
Silver Standard June 2026

Publication

IDDMSLD: An image dataset for detecting Malabar spinach leaf diseases 2025
Data in Brief, Elsevier | DOI: 10.1016/j.dib.2025.111293
